

Mission, Vision, Values...

CRC Mission Statement:

“Capital Recovery Center builds safe environments so people can become self-directed by learning and using tools that are helpful in our wellness and life journeys. We work to dismantle misconceptions, confront discrimination and build understanding. Empowerment and full community participation are our ultimate goals.”

CRC Vision Statement:

“Voice and choice, enriching ourselves and our communities.”

We at Capital Recovery Center are adults who have experience with mental health challenges, who use an innovative, balanced, and integrated approach that leads to self-determination, resilience and recovery since 1989.

“We have all known the long loneliness, and we have learned that the only solution is love, and that love comes with community.” – Dorothy Day

It’s not just about housing... it’s about healing and recovering.

STR services include:

- ⇒ **Street outreach**
- ⇒ **Case management**
- ⇒ **Mental health treatment coordination**
- ⇒ **Substance use treatment coordination**
- ⇒ **Assistance obtaining employment**
- ⇒ **Assistance obtaining financial benefits (including SSI/SSDI benefits)**
- ⇒ **Assistance pursuing educational goals**
- ⇒ **Assistance finding shelter, transitional housing and permanent housing.**
- ⇒ **Other needs/goals**

STR services are for adults, aged 18 and over who are living with an opiate use disorder and who are experiencing homelessness or are at risk of becoming homeless.

At Capital Recovery Center, we strive to meet individuals **“where they are”**, because we recognize that the road to recovery is non-linear and requires a whole person approach.

Through referrals to benefits specialists, the Veteran’s Administration, financial education courses, scholarships, support groups, emergency supplies, and solid partnerships with other local agencies, we’re able to help guide folks toward self-empowerment, which is the foundation for true recovery.

Ultimately, we know that not having housing is a byproduct of a more complex set of problems—and we are here to work as a community to help people become truly whole again.

**The PATH Program is open for
Walk-Ins
Tuesdays 9am-2pm.

Article 25. The United Nations Declaration of Human Rights

(1) Everyone has the right to a standard of living adequate for the health and well-being of himself [or herself] and of his [or her] family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his/her control.
