Peer Support Program Services

Capital Recovery Center has a 26 year history in the Thurston-Mason Counties. CRC values the perspective of the person receiving the services. Self determination and informed decision making are the keys to a successful journey toward recovery.

A licensed mental health professional develops an intake assessment that is strength-based and recovery oriented. Based on the intake assessment, the Participant will co-create goals and objectives with their Peer Support Specialist. These goals will be regularly reviewed and updated based on individual progress.

To learn more about how to access Peer Support Services, contact Capital Recovery Center at **360-357-2582**.

Peer to Peer Support

Peer support is based on the belief that people can and do recover. We design services to meet the unique needs of individuals, supporting them to reclaim a full life in the community.
